CWS **boco**
sterile surgical supplies

Proven protection for patient and professional

CWS-boco Sterile Surgical Supplies is Ireland's leading supplier of reusable and disposable surgical gowns, procedure packs, dressing packs, swabs, bandages and surgical scrub suits.

CWS-boco Ireland operates 3 production plants in Dublin, Cork and Galway including a purpose designed ISO Class 8 cleanroom processing and sterilization facility in Dublin. CWS-boco surgical supplies are present in 36 public and private hospitals providing sterile products for use in Hospital Theatres, CSSD's, A&E departments, Cardiology, Gynaecological and medical wards.

Our extensive range of reusable Class IIa medical products provides our customers with an environmentally friendly alternative to disposable Drapes and Gowns.

Faced with increased financial constraints within the healthcare sector and the ethical dilemma of environmental protection, the use of reusable textiles is the ideal solution to reducing costs while protecting the environment.

In a recent study published in the AORN Journal it was shown that medical waste could be reduced by up to 65% by the introduction of reusable textiles alone.

Why choose CWS-boco ?

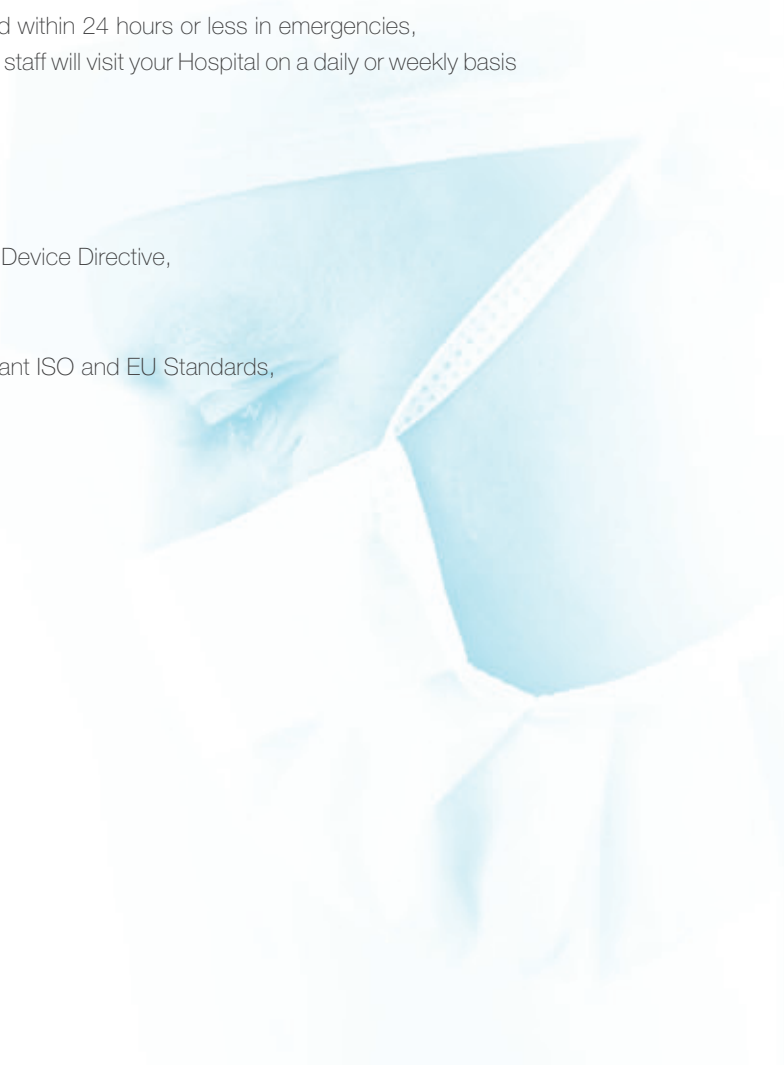

- We provide high quality sterile products which are CE marked, fully traceable and compliant with **ISO 13485** and the EU Medical Device Directive,
- Our materials are of the highest standards and represent the latest developments in microfiber textiles available on the market,
- We offer the highest possible comfort, drapeability and protection,
- You can choose from a variety of drape combinations to suit your clinical needs without committing to complicated stock holding agreements,
- Our new purpose designed ISO Class 8 Cleanroom Production Unit in Dublin ensures that our production process is in keeping with best industry practice,
- Guaranteed on time delivery at a frequency that suits your needs and within 24 hours or less in emergencies,
- Just-in-time managed delivery service option whereby trained service staff will visit your Hospital on a daily or weekly basis to calculate your stock requirements.

Our Quality Policy

- CE marking in accordance with the **ISO 13485** and the EU Medical Device Directive,
- Gowns and drapes certified as Class IIa Medical Devices,
- All staff are trained in accordance with the **ISO 13485** standard,
- Regular audits by the NSAI / IMB to ensure compliance with all relevant ISO and EU Standards,
- Traceability using RF-Id transponders and barcode technology,

Our service

- Plentiful Stock
- No capital outlay
- Large variety of drapes and gowns
- Delivery to central store or point of use
- Managed Service Option
- Monthly usage reports

Proven protection for patient and professional

Surgical Scrubs

We supply a full range of scrub suits sizes in a variety of colors. All our suits are processed locally in Ireland and are identified by barcodes or RF-Id transponders allowing us to provide you with information as to the location of your scrub suits throughout their use, wash and delivery cycle.

As part of our managed service CWS-boco is pleased to offer you either a locker based or electronic scrub suit dispensing service, depending on your requirements.

Tops and trousers

- CWS-boco's reusable scrub suits provide excellent comfort for healthcare professionals,
- Suits are manufactured using Eclipse polyester cotton material,
- Our "V Neck" or "Crossover" unisex scrub top is reversible and is designed to give both males and females an attractive comfortable fit garment,
- The twin needle construction adds comfort and durability to the garment,
- Each top has a large patch pocket both outside and inside,
- The scrub trousers are also manufactured to exacting specifications with twin needle seams and a patch pocket inside and out,
- Both the scrub tops and trouser tie cords are colour coded for ease of selection.

Warm up jackets

- Ideal for use first thing in the morning or during breaks in procedures,
- Fitted with a stand up collar with long sleeves and a knitted cuff.

Surgical Gowns

Reusable surgical gowns lead the way in providing a cost effective and environmentally friendly alternative to disposable single use products. CWS-boco reusable gowns are proven to have less environmental impact than that of a disposable and can significantly reduce the clinical waste charges associated with your operating room suite.

CWS-bocoSterileSurgicalSuppliesoffersawideselectionofsurgical gowns to suit the type of procedure performed. Our current range of gowns includes Critical, High Performance and Charnley gowns.

- A choice of microfiber polyester or laminated fabrics are available that are hydrophobic, breathable, low linting, antimicrobial, steam sterilisable, with static control and excellent tensile strength,
- The fabrics and components used are extremely lightweight and comfortable to wear,
- Our gowns exceed the performance requirements of the European Standard **EN 13795** for Surgical Drapes, Gowns and Clean Air Suits, used as Medical Devices,
- Each gown is sterilised using an **EN 17665** validated steam sterilisation process,
- The superior fluid and bacterial protection results in reduced risk of cross infection.

Single use surgical gowns & drapes

At CWS-boco we recognise that the clinical setting requires a choice of gowns and drapes to cope with a wide variety of procedures. To compliment our reusable product range, CWS-boco offers a range of high quality single use surgical gowns and drapes manufactured from either SMS or ultra soft Spunlace material.

Whether you choose standard, reinforced or ultra protection gowns you can be assured of maximum comfort, convenience and protection from strikethrough by blood or fluids.

Our range of surgical drapes are also manufactured in either SMS or Spunlace to the the **EN 13795** standard and like the gowns are CE marked in accordance with **ISO 13485** and the EU Medical Device Directive.
